President's Report

Welcome to the Lotus Outreach Australia (LOA) 2021 Annual Report - we thank you for your interest in our small but highly effective grassroots charity.

Those of you who follow our progress each year will recall that we undertook thorough investigations and consultations in 2019 with all the stakeholders (our Cambodian partner CWCC, the teachers and principals and students at the schools we recruit to, and our Lotus Outreach representatives in PP) and then oversaw an overhaul to some aspects of the GATE PP (Girls Access to Education Phnom Penh) programme to ensure that all our scholarship students were continuing to get the best education opportunities and the most appropriate support possible.

Jane Lyttleton

When the pandemic hit in 2020, schools in Cambodia were closed and the emphasis of our programmes had to change to providing internet access to our scholarship students at their homes and providing support and monitoring of online education.

Unfortunately 2021 was not quite the recovery year we were all hoping for, and schools in Cambodia were once again closed for most of the year. CWCC and their team again did an amazing job of making sure all the GATE PP scholarship students continued with their online studies and were able to attend National exams (although these were delayed until end of Dec).

During this last year, our Lotus Outreach office in Cambodia and in-country partners have continued to research and monitor the changing needs of families living in poverty around the outskirts of Phnom Penh. As a result of recent findings, LOA have expanded recruitment of girls from poor and vulnerable communities to different areas around Phnom Penh, offering scholarships to girls in secondary schools in these areas.

2021 saw the start of a new 3 year MOU with CWCC based on these changing demographics and relationships established with schools in new areas. Dang Kor and Sen Sok is now our main recruitment districts for girls to join the GATE PP programme.

CWCC and their local area working groups (consisting of teachers and village and community leaders) continue to actively seek out families living in extreme poverty and offer scholarships to girls based on their lack of access to education or risk of dropping out of school before graduation.

The MOU also provides for CWCC to cover

- moral and practical support to the scholarship recipients and other assistance such as arranging extra classes outside of school if necessary
- nutritional support to those families of scholarship recipients who are living in abject poverty and therefore most vulnerable to exploitation
- implementation of advocacy programs to encourage the education of girls and educate the public on the dangers and brutality of trafficking.

Vaccinations (with Sinovac) in Phnom Penh are reported to have reached close to 100% coverage for all those above the age of 6 (by Dec 2021) and schools and businesses are reopening.

In Australia, the possibility of holding fund raising events was severely hampered this year due to lockdown restrictions in large parts of the country. However our programmes in Cambodia have been able to continue with the incredible support and the loyalty of our monthly sponsors and other regular donors without whom the GATE girls would not be able to complete their education. We are beyond grateful for their continuing support, even in the face of challenges suffered by many people locally in many parts of Australia.

As so many world leaders recognise now, we need well educated, free thinking, confident women to show leadership in order for real change to happen in the way the world addresses in poverty.

We feel confident that in some small but significant way LOA is contributing to that possibility.

To end this report, I would like to thank members of the Board, who donate their time and energy freely and generously. And once again, to all our supporters whom we hope have some idea of what an amazing impact their donations have on the lives of those we provide for.

We look forward to many more years of contributing to the welfare of highly vulnerable young women who deserve to have meaningful work that allows them to support their communities and show families with young girls that there are alternatives to slave labour and trafficking.

J Lyttleton
President

An overview of LOA

Lotus Outreach Australia is a Not-For-Profit organisation. Our mission is to ensure the education, health, and safety of the most marginalised and exploited women and children in Cambodia. Guided by the UN's Millennium Development Goals regarding extreme poverty, universal education, gender equality and empowerment of women, we advocate for the human rights of these women and children by providing educational access and opportunities. LOTUS OUTREACH AUSTRALIA - ANNUAL REPORT 2020 What We Do We work from the basis that prevention is better than cure. In partnership with respected Cambodian Government registered NGOs, we identify girls at risk of the worst forms of child labour and trafficking. Our intervention provides educational opportunities through our Girls' Access to Education (GATE) scholarships program.

Our Projects:

GATE is a highly successful program, seeing girls from the very poorest families access and succeed at high school before going onto vocational training or to university, or finding meaningful employment. Our projects focus on sustainable change for families and communities through the education of their girls. By supporting families in dire poverty to become self-sufficient, we create the possibility of an alternative future for these girls and change the potential opportunities for whole communities and future generations.

Our programs provide:

- Scholarships, uniforms, school supplies, bikes to transport to school as well as healthcare for around 100 at-risk girls.
- Nutritional support for families in dire poverty. This has been shown to lessen the pressure on families to put their girls into child labour in order to feed their families - which tragically often leads on to sex trafficking.
- Advocacy, in association with the Cambodian Women's Crisis Centre (CWCC), to inform the community of the dangers and brutality of trafficking, the importance of human and child rights, and the immense value of girls' education to their families in terms of gaining employment and future economic opportunities

We are:

A registered charity with Australian Charities and Not for Profits Commission (ACNC). Incorporated as a Registered Charity with NSW Department of Fair Trading 2004. A fundraising authority with NSW Office of Liquor, Gaming and Racing. An affiliate of eight Lotus Outreach organisations globally, originally founded by renowned teacher and film-maker Khyentse Norbu Rinpoche. Lotus Outreach Australia programs are managed under our own direction and funding, A successful, effective organisation with strong governance and proven programs. An ABN, plus charity tax concessions with the Australian Tax Office. Tax deductibility through our OAGD status recognised by the Department of Foreign Affairs and the Australian Tax office.

Cambodia Liaison Report

Along with the rest of the world, 2021 did not bring the relief we had hoped for, however it did give us the opportunity to build on the lessons learnt the previous year. Despite being unable to visit Cambodia, 2021 saw Lotus Outreach Australia being more connected digitally with our programs in Cambodia than ever before – a development we will be able to keep up in the future and make the most of. The digital connection with our girls will open up many opportunities for improving educational outcomes, and we look forward to working closely with Lotus Outreach Cambodia and Cambodian Women’s Crisis Centre to develop this.

Charlie Cristi -
Cambodia liaison officer

On the ground in Cambodia the reality has been very similar to the rest of the world. Ongoing uncertainty and change has meant yet another very disrupted school year, however the Cambodian government was quick to put measures in place to keep students as safe as possible, including a relatively fast vaccine roll out (many of our girls were fully vaccinated before I was!) and great in-school hygiene procedures.

Our improved digital connections with LOCAM has also enabled us to approve extra supports for our girls, such as additional internet funding, and even emergency surgery for a student who unfortunately was in a bad road accident.

I remain hopeful that I will be able to visit Cambodia in person in 2022, it has been too long!
