

Lotus Outreach Australia's Monitoring Statement

LOA is committed to monitoring its development initiative in Cambodia in terms of its beneficiaries, their families and the girls' future after school.

The following data is collected and recorded for the Girls Access to Education (GATE) program in Phnom Penh district.

- Number of scholarship recipients
- Name, age and class
- Schools taking scholarship students
- School attendance
- Number of girls attending after school tuition
- Exam results
- Number of families receiving rice support
- Number of bikes distributed
- Number of monitoring visits to girls' homes
- Workshops attended
- Dropouts and where they went
- Number of graduates
- University placements
- Vocational training placements
- Employment after graduating
